Members should use this directory when selecting a network provider from whom they want to receive services from. There are certain specialty providers that will require a referral from your primary care physician. Please refer to your Evidence of Coverage for a full description of services. This directory also includes basic information about how to get covered services with HealthSun Health Plans.

This directory is current as of September 2014, and is subject to change without notice. Some network providers may have been added or removed from our network after this directory was printed. We do not guarantee that each provider is still accepting new members. To get the most up-to-date information about HealthSun Health Plans providers in your area, please visit www.HealthSun.com or call our Member Services Department at (305) 447-4458 or (877) 336-2069, Monday through Friday from 8am to 8pm.

You will have to choose one of our network providers who are listed in this directory to be your Primary Care Physician (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP. Normally, you first see your PCP for most of your routine health care needs. There are only a few types of covered services you can get on your own, without seeing your PCP first. Your PCP can also help you arrange or coordinate your covered services. These services include x-rays, laboratory tests, therapies, specialists, hospital admissions, and follow-up care. Your PCP also contacts other plan providers for updates about your care and/or treatment. In some cases, your PCP will need to get prior authorization (prior approval) in order for you to obtain services. Since your PCP will provide and coordinate your healthcare, you should have all of your past medical records sent to your new PCP’s office. The law requires us to protect your privacy of medical records and personal health information. For more information about privacy, see your Evidence of Coverage.
The “network providers” listed in this directory have agreed to provide you with your health care, vision and dental coverage. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers. Other physicians/providers are available in our network. Covered services from non-network providers include care for a medical emergency, urgently needed care, renal dialysis (kidney) services that you get when you are outside the plan’s service area, care that has been approved in advance by HealthSun Health Plans, and any services which were ordered and covered through an appeals process.

If a non-plan provider asks you to pay for covered services you get in the above mentioned situations, please contact us at HealthSun Health Plans, 3250 Mary Street, Suite 400, Coconut Grove, Florida 33133. You should never pay any non-plan provider more than what the provider is allowed by Medicare. The provider has a right to get his/her fees, but does not have a right to get them from you. Ask the non-plan provider to bill us first. If you have already paid for the covered services or get a bill for the services, you can send the bill to us for payment. We will review the bill and decide whether the services should be paid. Our Member Services Department will assist you in answering any questions regarding the submission of the bill.

Emergency care can always be obtained in or out of the service area from the nearest available provider. When in the service area you must use plan providers for urgent care. When out of the service area urgent care may be obtained from the first available provider. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider.

You must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers neither Medicare nor HealthSun Health Plans will be responsible for the costs.

Section 2 – Choosing your Primary Care Physician (PCP)

What is a “PCP”?

When you become a member of HealthSun Health Plans you must choose a network provider to be your PCP. Your PCP is a physician who meets state requirements and is trained to give you basic medical care. You will get your routine or basic care from your PCP. Your PCP can also coordinate the rest of the covered services you need. In most cases, you must see your PCP to get a referral before you see any other health care provider.

How do you choose a PCP?

You will receive a HealthSun Health Plans provider directory at the time of enrollment to help you select the PCP of your choice. The PCP you choose will be listed on your enrollment form. You can change your PCP at any time. If you want to use a particular HealthSun Health Plans specialist or hospital, you should check with your PCP to make sure they can make referrals to the specialist or hospital. The name and office telephone number of your PCP is printed on your membership card.

Getting care from your PCP

Generally, you see your PCP first for most of your routine health care needs. There are only a few types of covered services you can get on your own, without seeing your PCP first. Your PCP can also help you arrange or coordinate your covered services. This includes x-rays, laboratory tests, therapies, specialists, hospital admissions, and follow-up care. Your PCP also contacts other network providers for updates about your care and/or treatments. If you need certain types of covered services or supplies, your PCP must give approval ahead of time. Your PCP must give you a referral to see a specialist. In some cases, your PCP will also need to get prior authorization (prior approval). Since your PCP will provide and coordinate your health care, you should have all of your past medical records sent to your new PCP’s office. The law requires us to protect your privacy of medical records and personal health information. For more information about privacy, see your Evidence of Coverage.
How to change your PCP

You may change your PCP for any reason, at any time. Change requests received by the 21st day of the month will usually be effective on the first day of the following month. To change your PCP, please call our Member Services Department at (305) 447-4458 or (877) 336-2069. TTY users should call (877) 206-0500. When you call, be sure to tell the Member Services representative if you are seeing specialists or getting other covered services that needed your PCP’s approval (such as home health services and durable medical equipment). Member Services will help make sure that you can continue with the specialty care and other services you have been getting when you change to a new PCP. They will also check that the PCP you wish to switch to is accepting new patients. Member Services will change your membership record to show the name of your new PCP, and will tell you when the change to your new PCP will take effect. They will also send you a new membership card that shows the name and phone number of your new PCP.

What if your doctor or provider leaves HealthSun Health Plans?

Sometimes a PCP, specialist, clinic, or other network provider you are using might leave the plan. If this happens, you will have to switch to another provider who is part of HealthSun Health Plans. If your PCP leaves HealthSun Health Plans we will let you know, and help you switch to another PCP so that you can continue getting covered services.
Section 3 – Getting care from specialists

When your PCP thinks that you need specialized treatment, he or she will give you a “referral” (approval ahead of time) to see a plan specialist depending on your plan. A specialist is a doctor who provides health care services for a specific disease or part of the body. Some examples of specialists are oncologists, who treat cancer; cardiologists, who treat heart conditions; and orthopedists, who treat certain bone, joint, or muscle conditions. For some types of referrals to plan specialists, your PCP may need to get approval ahead of time from HealthSun Health Plans. This is called “prior authorization”.

It is very important to get a referral from your PCP before you see a plan specialist, depending on your plan. However, you don’t need to get a referral for certain services. If you do not have a referral before you get services from a specialist, you may have to pay for these services yourself. If the specialist wants you to come back for follow-up visits, be sure to check the original referral to see if these were included.

Each plan PCP may have certain plan specialists they use for referrals, depending on your plan. This means that the HealthSun Health Plans specialist you can use may depend on which person you chose to be your PCP. If there are specific specialists you want to use, find out whether your PCP refers patients to these specialists. You can change your PCP at any time if you want to see a plan specialist that your current PCP does not refer to. If you want to change your PCP, see Section 2. If there are specific hospitals you wish to use, find out whether the doctors you will be seeing use these hospitals.
Section 4 – What if you need medical care when your PCP’s office is closed?

What to do if you have a medical emergency or urgent need for care and your PCP’s office is closed

In an emergency, you can get care immediately. You do not have to contact your PCP or get prior authorization in an emergency. You can dial 911 for immediate help by phone, or go directly to the nearest emergency room, hospital, or urgent care center. For more information about emergency or urgent needed care, see Section 5.

What to do if it is not a medical emergency and your PCP’s office is closed

If you need to talk with your PCP or get medical care when the PCP office is closed, and it is not a medical emergency, call your PCP’s after-hours service. There will be directions that will allow you to get in contact with your PCP. You can locate your PCP’s telephone number on your member ID card or call our Member Services Department at the number shown in Section 1. If you need TTY access to your primary care physician, TTY users please call (877) 206-0500. There is always a health professional on call to help you. For more information about what to do if you have an urgent need for care, see Section 5.
Section 5 - Getting care if you have a medical emergency or an urgent need for care

What is a medical emergency?

A situation is a “medical emergency” if you reasonably believe that your health is in serious danger. It means that every second counts. Some examples of “medical emergencies” are severe pain, a bad injury, a serious illness, or a medical condition that is getting worse.

What should I do if I have a medical emergency?

If you have a medical emergency:
- Get medical help as quickly as possible. Call 911 for help or go directly to the nearest emergency room, or urgent care center. In any emergency, you never need to contact any network provider, even your own PCP, for either permission (“authorization”) or a referral.

- However, as soon as possible, you or someone else should contact your PCP about your emergency. Your PCP needs to know about your emergency because your PCP will provide follow-up care. Please try to contact your PCP about your emergency within 48 hours. Your PCP’s telephone numbers is on your member ID card or call our Member Services Department at the number shown in Section 1 if you need your PCP’s telephone number.

Your PCP will help manage and follow-up on your emergency care:

It is important to know that every emergency has two stages. When the doctors, or hospitals providing emergency care consider your condition stable, the first stage of the medical emergency ends. However, even after your condition is stabilized, you are still considered in an emergency situation and HealthSun Health Plan must still pay for the post-stabilization treatment provided by the hospital (whether or not this hospital is a network provider or not). This second stage of the emergency, after your condition is stabilized is called “post-stabilization”.

Generally, the hospital, or doctors, providing emergency care will try to talk to your PCP. This helps the plan to arrange for network providers to take over your care as soon as your condition and circumstances get better. Once your PCP takes over your care or agrees with the attending hospital on an appropriate course of action (or once you are discharged if you are fully recovered), you are no longer in an emergency or post-stabilization situation. Although you are past the emergency and post-stabilization, you may still need follow-up care.
However, your plan is responsible for your follow-up care. Your plan will only pay for follow-up care after your emergency and post-stabilization if you follow the plan rules. You will need to use network providers to get authorization, and/or referrals.

**What is covered if I have a medical emergency?**

- You can get covered emergency medical care whenever you need it, anywhere in the United States. See the pharmacy section of this directory, on pages 1 of 111 for more information on how we cover outpatient prescription drugs in an emergency situation while you are outside the service area.

- **Ambulance services** are covered in situations where other means of transportation in the United States would endanger your health.

**What if it wasn't really a medical emergency?**

To have your plan pay for your emergency care, you do not have to be certain that it is an emergency. For example, you might go in for emergency care—thinking that your health is in serious danger—but the doctor may disagree and not consider this a medical emergency. If this happens, you are still covered for the diagnostic treatment and care you received to determine what was wrong, (provided that you thought your health was in serious danger, as explained in the section "What is a medical emergency" above).

However, please note that:

- If you get any extra care after the doctor says it was not a medical emergency, we will pay our portion of the extra covered care **only if you got this care from a network provider**.

- If you get any extra care from an **out-of-network provider** after the doctor says it was not a medical emergency, we will still pay for it as “urgently needed care” even though you got this care “outside your service area”. Please read below how “urgently needed care” is defined.

- However, if you get any extra care from an out-of-network provider that is not an emergency or “urgently needed care”, then you must pay for this care yourself. The plan won’t pay for this type of care.
What is “urgently needed care”? (This is different from a medical emergency.)

“Urgently needed care” is a non-emergency situation when you are out of the service area and you need medical attention right away for an unforeseen illness or injury, and it is not reasonable given the situation for you to wait to get medical care from network providers. You can still get urgently needed care even if you knew about your illness or injury ahead of time, but you had an unforeseen complication.

What is the difference between a “medical emergency” and “urgently needed care”?

The difference between emergency and urgently needed care is in the seriousness of the condition.

A “medical emergency” is when you believe that your health is in serious danger, when every second counts. You may have a bad injury, sudden illness, or an illness quickly getting much worse.

Urgently needed care is care that you get for a sudden illness or injury that needs medical care right away, but is not life threatening. Your PCP generally provides urgently needed care. If you are out of your plan’s service area for a short time and can’t wait until you return to the service area, HealthSun Health Plans Health will pay for urgently needed care.

Getting urgently needed care when you are in the plan’s service area

If you have a sudden illness or injury that is not a medical emergency, and you are in the plan’s service area, please call your PCP or if the office is closed, call your PCP’s after-hours service. There will be directions that will allow you to get in contact with your PCP. If you need TTY access to your primary care physician, TTY users please call (877) 206-0500. You may go directly to an Emergency Room without calling your PCP. There will always be a health professional on call to help you. Keep in mind that if you have an urgent need for care while you are in the plan’s service area, you should get this care from network providers. In most cases, we will not pay for urgently needed care that you get from an out-of-network provider while you are in the plan’s service area.

Tendrá que elegir a uno de los proveedores de la red que figuran en el listado de este directorio como su Médico de Atención Primaria (PCP, por sus siglas en inglés). En todo este directorio se empleará el término “PCP”. Por lo general, debe obtener la cobertura de atención médica de su PCP. Normalmente, primero consultará a su PCP para la mayoría de sus necesidades de atención médica de rutina. Hay solamente algunos servicios cubiertos que usted puede obtener por su cuenta sin tener que consultar primero a su PCP. El PCP también puede ayudarle a coordinar sus servicios cubiertos. Estos servicios incluyen radiografías, análisis de laboratorio, tratamientos, atención de especialistas, ingresos en el hospital y atención de seguimiento. Su PCP también se pone en
contacto con otros proveedores del plan para obtener información actualizada sobre su atención y/o tratamiento. En algunos casos, su PCP tendrá que obtener una autorización previa (aprobación previa) a fin de que usted pueda obtener los servicios. Dado que el PCP brindará y coordinará su atención médica, usted debe encargarse de que envíen al consultorio del nuevo PCP todas sus historias clínicas anteriores. La ley nos exige que protejamos la privacidad de sus historias clínicas y de su información de salud personal. Para obtener más información sobre la privacidad, consulte la Evidencia de Cobertura.

Los “proveedores de la red” que figuran en este directorio han acordado proveerle a usted cobertura de atención médica, así como cobertura oftalmológica y odontológica. Usted puede recurrir a cualquiera de los proveedores de la red que figuran en el listado de este directorio; sin embargo, para algunos servicios es posible que necesite una remisión. Si ha estado consultando a un proveedor de la red, no es obligatorio que continúe acudiendo al mismo proveedor. En algunos casos, puede obtener los servicios cubiertos de proveedores que no pertenezcan a la red. Nuestra red cuenta con otros médicos y proveedores. Los servicios cubiertos de los proveedores que no pertenecen a la red incluyen atención de emergencias médicas, atención de urgencia, servicios de diálisis renal (del riñón) que usted utilice cuando se encuentre fuera del área de servicio del plan, atención aprobada por anticipado por HealthSun Health Plans, y todo servicio cuya cobertura hubiera sido ordenada y cubierta por un proceso de apelación.

Si un proveedor no perteneciente al plan le pide que pague por los servicios cubiertos que usted recibe en las situaciones mencionadas anteriormente, por favor comuníquese con nosotros en HealthSun Health Plans, 3250 Mary Street, Suite 400, Coconut Grove, Florida 33133. Usted nunca debe pagar a cualquier proveedor no perteneciente más de lo que el proveedor está permitido por Medicare. El proveedor tiene derecho a recibir sus honorarios, pero no tiene derecho a cobrárselos a usted. Pídale al proveedor que no pertenece al plan que primero nos facture a nosotros. Si ya ha pagado por los servicios cubiertos o si recibe una factura por los servicios, puede enviar la factura para que la paguemos. Revisaremos la factura y decidiremos si los servicios deben ser pagados. Nuestro Departamento de Servicios para Miembros le ayudará a responder a cualquier pregunta con respecto a la presentación de la factura.

El proveedor más cercano disponible siempre podrá prestar atención de emergencia dentro o fuera del área de servicio. Cuando se encuentre dentro del área de servicio, debe consultar a los proveedores del plan para recibir atención de urgencia. Cuando se encuentre fuera del área de servicio, puede recibir atención de urgencia del proveedor que se encuentre disponible.
primero. Además, cuando se encuentre fuera del área de servicio, puede recibir tratamiento de diálisis de cualquier proveedor calificado que brinde servicios de diálisis.

Debe utilizar los proveedores del plan, salvo en situaciones de emergencia o atención de urgencia, o para servicios de diálisis renal u otros fuera del área. Si recibe atención de rutina de parte de proveedores que no pertenecen a la red, ni Medicare ni HealthSun Health Plan se harán responsables de los costos.

Sección 2 – Elija un médico de atención primaria (PCP, por sus siglas en inglés)

¿Qué es un “PCP”?  
Cuando es miembro de HealthSun Health Plans, debe elegir a un proveedor de la red para que sea su PCP. El PCP es un médico que cumple con determinados requisitos estatales y tiene la formación necesaria para brindar atención médica básica. Usted obtendrá su atención básica o de rutina de su PCP. Su PCP también puede coordinar el resto de los servicios cubiertos que necesite. En la mayoría de los casos, debe consultar con su PCP para obtener una remisión antes de ver a cualquier otro proveedor de atención médica.

¿Cómo elegir a su PCP?  
Usted recibirá un directorio de proveedores de HealthSun Health Plans en el momento de la inscripción para ayudarle a seleccionar el PCP de su elección. El PCP que elija figurará en el formulario de inscripción. Puede cambiar su médico de atención primaria (PCP, por sus siglas en inglés) en cualquier momento. Si desea utilizar un determinado especialista u hospital de HealthSun Health Plans, debe preguntarle a su PCP para asegurarse de que puedan hacer remisiones al especialista o al hospital. El nombre y el número de teléfono de la oficina de su PCP se encuentran impreso en su tarjeta de miembro.

La atención de su PCP  
Normalmente, primero consultará a su PCP para la mayoría de sus necesidades de atención médica de rutina. Hay solamente algunos servicios cubiertos que usted puede obtener por su cuenta sin tener que consultar primero a su PCP. El PCP también puede ayudarle a coordinar sus servicios cubiertos. Esto incluye radiografías, análisis de laboratorio, tratamientos, atención de especialistas, hospitalizaciones y atención de seguimiento. El PCP también se pone en contacto con otros proveedores de la red para obtener información actualizada sobre su atención y/o tratamiento. Si necesita determinados tipos de servicios o suministros cubiertos, el PCP deberá aprobarlos con anticipación. Para consultar a un especialista, el PCP deberá darle una remisión. En algunos casos, su PCP también tendrá que obtener autorización previa (aprobación previa). Dado que el PCP brindará y coordinará su atención médica, usted debe encargarse de que envíen al consultorio del nuevo PCP todas sus historias clínicas anteriores. La ley nos exige que protejamos la privacidad de sus historias...
clínicas y de su información de salud personal. Para obtener más información sobre la privacidad, consulte la Evidencia de Cobertura.

Cómo cambiar de PCP

Usted puede cambiar de PCP por cualquier motivo y en cualquier momento. Las solicitudes de cambio recibidas antes del 21 del mes por lo general entrarán en vigencia el primer día del mes siguiente. Para cambiar de PCP, llame a nuestro Departamento de Servicio para los Miembros al (305) 447-4458 o al (877) 336-2069. Los usuarios de TTY deben llamar al (877) 206-0500. Cuando llame, asegúrese de decirle al representante de Servicios para el Miembro si está consultando a algún especialista o recibiendo otros servicios cubiertos que necesitan la aprobación de su PCP (como servicios de salud en el hogar y equipo médico duradero). El Servicio para los Miembros se asegurará de que, cuando cambie a un nuevo PCP, usted pueda seguir recibiendo la atención del especialista así como los demás servicios que estuviese recibiendo. También verificará que el PCP que desea elegir acepte a nuevos pacientes. El Servicio para los Miembros cambiará su registro de membresía para indicar el nombre de su nuevo PCP y le comunicará cuándo el cambio entre en vigencia. También le enviarán una nueva tarjeta de miembro con el nombre y número de teléfono del nuevo PCP.

¿Qué sucede si su médico o proveedor se retira de HealthSun Health Plans?

A veces puede suceder que un PCP, un especialista, una clínica o otro proveedor del plan, cuyos servicios usted usa, se retire del plan. Si esto sucede, usted tendrá que cambiar a otro proveedor que forme parte de HealthSun Health Plans. Si su PCP se retira de HealthSun Health Plans, se lo informaremos y le ayudaremos a cambiar por otro PCP, de modo que pueda seguir obteniendo los servicios cubiertos.
Sección 3 – Cómo obtener atención de especialistas

Cuando su PCP considere que usted necesita un tratamiento especializado, el o ella le dará una “derivación” (con aprobación por adelantado) para que vea a un especialista del plan en función de su plan. Un especialista es un médico que brinda servicios de atención médica en relación con enfermedades específicas o con una parte del cuerpo. Algunos ejemplos de especialistas son oncólogos, que tratan el cáncer, cardiólogos, que tratan las afecciones cardíacas y ortopedistas, que tratan determinadas afecciones óseas, articulares o musculares. Para algunas clases de derivaciones a especialistas del plan, es posible que su PCP necesite obtener la aprobación por adelantado de HealthSun Health Plans. Esto se denomina “autorización previa”.

Es muy importante obtener una derivación de su PCP antes de ver a un especialista del plan, dependiendo de su plan. Sin embargo, no es necesario obtener una derivación para determinados servicios. Si usted no tiene una derivación antes de recibir servicios de un especialista, es posible que tenga que pagar por estos servicios. Si el especialista quiere que usted regrese para realizar consultas de seguimiento, asegúrese de verificar la derivación original para controlar que se incluyan estas consultas.

Cada PCP del plan puede tener ciertos especialistas del plan que utilizan para derivaciones, dependiendo de su plan. Esto significa que los especialistas de HealthSun Health Plans a los que consulte pueden depender del proveedor que escoja como su PCP. En caso de que haya especialistas específicos que usted desee consultar, averigüe si su PCP envía a sus pacientes a estos especialistas. Usted puede cambiar de PCP en cualquier momento si quiere consultar a un especialista del plan al cual su PCP actual no puede darle una derivación. Si desea cambiar su PCP, consulte la Sección 2. Si hay hospitales específicos que usted desea utilizar, averigüe si los médicos que consultará utilizarán estos hospitales.
Sección 4 – ¿Qué ocurre si necesita atención médica cuando el consultorio del PCP está cerrado?

Qué hacer si tiene una emergencia médica o necesidad urgente de recibir atención médica y el consultorio de su PCP está cerrado

Si se presenta una emergencia, puede buscar atención de inmediato. Usted no tiene que ponerse en contacto con su PCP u obtener una autorización previa en caso de emergencia. Puede llamar al 911 para solicitar ayuda inmediata o bien acudir directamente a la sala de emergencias, al hospital o al centro de atención de urgencia más cercano. Para obtener más información sobre atención de emergencia o urgencia, consulte la Sección 5.

Qué hacer si no es una emergencia médica y el consultorio de su PCP está cerrado

Si necesita hablar con su PCP o recibir atención médica cuando el consultorio del PCP está cerrado, y no es una emergencia médica, llame al servicio fuera del horario del PCP. Habrá indicaciones que permitan que se ponga en contacto con su PCP. Puede encontrar el número de teléfono de su PCP en su tarjeta de identificación de miembro o llamar a nuestro Departamento de Servicios para Miembros al número que aparece en la Sección 1. Si necesita acceso TTY a su médico de atención primaria, los usuarios de TTY deben llamar al (877) 206-0500. Siempre hay un profesional de la salud para ayudarlo. Para obtener más información sobre qué hacer en caso de una necesidad urgente de atención médica, consulte la Sección 5.
Sección 5 - Cómo obtener atención si tiene una emergencia médica o una necesidad urgente de atención médica

¿Qué es una emergencia médica?

Una situación se considera “emergencia médica” si **usted realmente cree que su salud corre un grave peligro.** Esto significa que cada segundo cuenta. Algunos ejemplos de “emergencias médicas” son dolor agudo, una lesión grave, una enfermedad grave o una afección médica que empeora.

¿Qué debo hacer si tengo una emergencia médica?

Si tiene una emergencia médica:

- Busque asistencia médica lo más rápido posible. Llame al 911 para pedir ayuda o diríjase directamente a la sala de emergencias o al centro de atención de urgencias más cercano. En caso de emergencia de cualquier naturaleza, **no es necesario que usted se ponga en contacto con un proveedor de la red o su propio PCP para obtener permiso ("autorización") u orden de referencia.**

- Sin embargo, en cuanto sea posible, usted o alguna otra persona deberá ponerse en contacto con su PCP para avisarle sobre su emergencia. Su PCP necesita saber sobre su emergencia ya que proporcionará la atención de seguimiento. Póngase en contacto con su PCP para avisarle sobre su emergencia dentro de las 48 horas. Los números de teléfono de su PCP están en su tarjeta de identificación de miembro o llame a nuestro Departamento de Servicios para Miembros al número que aparece en la Sección 1 si necesita el número de teléfono de su PCP.

**Su PCP brindará ayuda para que se controle y se realice el seguimiento de su atención de emergencia:**

Es importante saber que toda emergencia tiene dos etapas. Cuando los hospitales o los médicos que le están brindando la atención de emergencia consideran que su afección está estable, finaliza la primera etapa de la emergencia médica. Sin embargo, incluso después de que su afección esté estable, todavía se considera que usted se encuentra en una situación de emergencia y HealthSun Health Plan debe seguir pagando el tratamiento de post-estabilización suministrado por el hospital (ya sea que el hospital es un
proveedor del plan como no). Esta segunda etapa de la emergencia, después de que su afección está estable, se denomina “período posterior a la estabilización”.

Generalmente, el hospital o los médicos que le brindan atención de emergencia se tratarán de comunicar con su PCP. Esto ayuda al plan a coordinar que los proveedores de la red se hagan cargo de su atención tan pronto como su afección y las circunstancias mejoren. Una vez que su PCP se hace cargo de su atención o acuerda con el hospital que está brindando la atención un curso de acción determinado (o cuando le dan el alta si usted está totalmente recuperado), usted ya no está en una situación de emergencia o de post-estabilización. Aunque usted haya dejado atrás la emergencia y el período posterior a la estabilización, posiblemente todavía necesite atención de seguimiento. Tenga en cuenta que su plan es responsable de la atención de seguimiento. Su plan únicamente pagará la atención de seguimiento después de la emergencia y del período de post-estabilización, si usted sigue las reglas del plan. Usted deberá utilizar proveedores de la red para obtener autorizaciones y/o remisiones.

¿Qué cobertura tengo en el caso de una emergencia médica?

☐ Usted tiene cobertura de atención médica de emergencia cuando lo necesite, en cualquier lugar de los Estados Unidos. Consulte la sección de farmacia de este directorio, en las páginas 1 de 111 para obtener más información sobre cómo cubrimos los medicamentos recetados para pacientes ambulatorios en una situación de emergencia mientras se encuentra fuera del área de servicio.

☐ Los servicios de ambulancia están cubiertos en situaciones en las cuales otros medios de transporte en los Estados Unidos podrían poner en peligro su salud.

¿Qué sucedería si no fuera una verdadera emergencia médica?

Para que su plan pague por la atención de emergencia, no es necesario que usted deba estar seguro de que es una emergencia. Por ejemplo, usted puede solicitar atención de emergencia pensando que su salud corre grave peligro, pero el médico puede no estar de acuerdo y no considerarlo una emergencia médica. Si este es el caso, usted cuenta con cobertura para el diagnóstico, tratamiento y atención que recibió a fin de determinar cuál era el problema, siempre y cuando usted haya considerado que su salud corría grave peligro, según se explicó anteriormente en el apartado “¿Qué es una emergencia médica?”. 
Sin embargo, tenga en cuenta lo siguiente:

- Si recibe atención adicional después de que el médico le informe que no se trata de una emergencia, pagaremos nuestra parte de la atención cubierta adicional sólo si usted recibió esta atención de un proveedor de la red.

- Si recibe atención adicional de un proveedor fuera de la red después de que el médico le informe que no se trata de una emergencia, nosotros seguiremos pagando como “atención de urgencia”, aunque la haya recibido “fuera del área de servicio”. Lea la definición de “atención de urgencia” a continuación.

- Sin embargo, si recibe atención adicional de un proveedor fuera de la red que no se trata de una emergencia o “atención de urgencia”, entonces usted mismo debe pagar por esta atención. El plan no pagará por este tipo de atención.

¿Qué es “atención de urgencia”? (No es lo mismo que una emergencia médica.)

“Atención de urgencia” es una situación que no es de emergencia cuando está fuera del área de servicio y necesita atención médica de inmediato debido a una enfermedad o lesión imprevista, y no es razonable, dada la situación, que usted espere para recibir atención médica de proveedores de la red. Usted todavía puede obtener atención de urgencia, incluso si sabe de su enfermedad o lesión antes de tiempo, pero tuvo una complicación imprevista.

¿Cuál es la diferencia entre “emergencia médica” y “atención de urgencia”?

La diferencia entre emergencia y la atención de urgencia se encuentra en la gravedad de la condición.

Una “emergencia médica” es una situación en la cual usted cree que su salud corre grave peligro y en donde cada segundo cuenta. Es posible que tenga una lesión grave, una enfermedad repentina o una enfermedad que empeora rápidamente.

Atención de urgencia es la atención que se obtiene para una enfermedad o lesión repentina que requiere atención médica inmediata, pero no amenaza la
vida. Su PCP generalmente proporciona atención médica de urgencia. Si usted está fuera del área de servicio del plan por un corto tiempo y no puede esperar hasta que regrese al área de servicio, HealthSun Health Plans pagará por la atención de urgencia.

Cómo obtener atención de urgencia cuando usted se encuentra dentro del área de servicio del plan

Si usted tiene una enfermedad o lesión repentina que no es una emergencia médica y se encuentra dentro del área de servicio del plan, comuníquese con su PCP o si la oficina está cerrada, llame al servicio fuera del horario de su PCP. Habrá indicaciones que permitan que se ponga en contacto con su PCP. Si necesita acceso TTY para su médico de atención primaria, los usuarios de TTY deben llamar al (877) 206-0500. Usted puede ir directamente a una sala de emergencias sin tener que llamar a su PCP. Siempre encontrará a un profesional de salud disponible para ayudarlo. Recuerde que si usted necesita atención de urgencia mientras se encuentra dentro del área de servicio del plan, debe obtener dicha atención de los proveedores de la red. En la mayoría de los casos, no pagaremos por la atención médica de urgencia que reciba de un proveedor fuera de la red mientras está en el área de servicio del plan.
